

OUR VALUES

TRUST

We believe in the honesty, goodwill and commitment of others, without evidence, and act consistent with that belief.

ACCOUNTABILITY

We make commitments and hold ourselves to account for them, regardless of the circumstances.

TEAMWORK

We work together in partnership to achieve our shared objectives.

LEARNING

We constantly strengthen our competence.
The access to learning: the willingness to declare ourselves incompetent ongoing.

DIVERSITY

We are a global company, sensitive to all cultures. The access to diversity is respect; to experience another as an equal.

EXCELLENCE

Excellence will make us the natural choice.
We achieve outstanding quality in everything we do. We know that the quality we achieve today will be insufficient for the future.

THE BALANCE BETWEEN SELF, FAMILY AND WORK

We each take full accountability for creating the life that works for us. We can count on the company to support us in achieving that goal.
